Dear Lou,

On Godfrey's.

I read the little bit that Bud brought, hurriedly after I got in bed.

Gannon has been nuts for years, and not practising.

The court statement is undated. I presume it 1964 because he and Marge met, as she recalls it, in January of that year. They were married that year.

Some of the things in this file seem inconsistent with what Marge told me, but not seriously so.

There are several things I want to call to your attention. I do not know whether this includes things I gave you or not. If not, there are duplications. You have a memo from me on some of the items. The safe-deposit bill has the name ~~Wittsbuzz~~ "Villarubis" written on it. This name was given me in a special connection and I gave it to you several months ago. Neither of us knew it. So, at the very least, one of my exotic sources knew the name.

I have checked out some of the phone bills and sent you the Washington area ones. They are interesting because they include such items as the Defense and State Departments and White House, etc. Could Jeff or someone, in free time, check out the ones in your area? I also note the repetition of Florida ones in a general area of some interest. I'll check any in these bills that I can, in case they are not duplicates, and will let you know. If you should find anything out, please let me know. Some of those near N.O. may mean something to me.

On Thornley:

I have a few local things to do but have postponed them because they do not seem as pressing as what I have done and to save the transportation costs. Let me know in advance of any interest and I'll get on them. They involve people who knew him.

I have learned he went to what is or was called The Freedom School. I have asked California friends to try and check it out. I'll let you know if I learn anything.

Sincerely,

Harold Weisberg
