Dear Mr. Heisberg:

Enclosing money order to cover  
cost of your book "WHITE WASH."

I enjoyed your talk on the Jack  
Sue Jimmy show on W CAS last night.  
You are to be commended for bringing  
all these facts to the public. I was  
skeptical of the Warren Report myself.  
Left too many unanswered questions  
and you enlightened me and made me  
feel so much better to know others  
thought as I did.

You are to be commended further  
for your composure regarding Curtis'  
trivial interruptions and trying to  
rationalize. He was doing exactly  
what you are trying to bring

before the public and that is  
"hit washing." Trying to bury the  
facts that cannot be explained.

My curiosity is aroused as to  
what or who they are trying to cover  
by refusing to open up another investiga-  
tion. Imagine we will never know  
because they refuse to answer any and  
all charges. Perhaps your book will  
rouse the public or powers to be to  
force another investigation.

Unfortunately there are not enough  
citizens, such as yourself, to press  
this demand.

Thanks again for the interesting  
program and continued success in  
your endeavors. Very truly yours  
Henry J. Gurek
