DEAR HAROLD,

THIS IS ONLY AN AMPLIFICATION OF OUR PHONE CONVERSATION OF 7-17-78 AND IS ONLY A THOUGHT STARTER CONSISTING OF ASSORTED WRITINGS AND DOCUMENTS AND THE PRIMA FACIE HYPOTHESIS THAT COULD BE TAKEN UP BY A MEDICAL WRITER-INVESTIGATOR IF ONLY MORE INFORMATION WERE AVAILABLE. TO WIT:

- A. JFK'S NEED FOR CORTICOSTEROIDS-HOW DOES THIS AFFECT THE LIBIDO?
- B. FORT DETRICK RESEARCH INTO AT LEAST ONE ADRENAL HORMONE-CORTISOL.
- C. MKNAOMI'S LONG TIME ALLIANCE WITH FORT DETRICK-SINCE MAY 1952.

ALSO NAOMI'S CRYPTS INCLUDE RATHER RECKLESS TESTING OPERATIONS, DEVELOPMENT OF EXOTIC BIO-INOCULATORS AND A NOTORIOUS LACK OF RECORDS.

THE TANTALIZING QUESTION THEN IS, DID JFK'S CONDITION EVER CROSS THE MINDS OF CERTAIN OPERATIVES OR FORMER EMPLOYEES, AND WHAT WOULD THEY DO WITH THE ~~TH~~ THOUGHT. THE VIEW TOWARD ETHICS AND POLITICS OF SOME OF THESE PEOPLE IS SELF EVIDENT.

ENCLOSURES...

- 1. A.P. FEATURE POINTING OUT WELL KNOWN POSSIBLE SIDE EFFECTS OF CORTICOSTEROIDS.(MY OWN AGED P.D.R. -1961- IS LOADED WITH THESE WARNINGS).
- 2. FORT DETRICK STUDY LIST. (CORTISOL-1963)
- 3. CORTISOL IN CONTEXT
- 4. INFORMATION ON JFK'S ADRENAL CONDITION(AS COMPILED BY LASKY).
- 5. & 6. REMINDERS ON MKNAOMI (XEROX OF YOUR INDICATED MARKS RELEASE)

THIS IS FROM JUST A QUICK SCAN OF MATERIAL AVAILABLE. TOO BAD THAT THIS AREA HAS APPARENTLY BEEN UNPURSUED.

BEST OF LUCK
