Let K. Kenad what he would do in his reaction
to his position in Berlin: stop dehabilita-
tion, increase Mil. budget. Write that date is
careful to avoid giving the date on which he
announced this, saying (385) "... in early
July..." The next of Virginia "... July 5"
received a visit from Counselor USSR Emb.,
who probed an reaction to K's Berlin
proposal. Sch. is careful not to indicate
the answer he gave gave. There is nothing
to indicate it would have been any other
than was talking for, now, how far out
earlier than the 5th can you get in
a my month? I suggest the 14th anniversary
went followed the failure of this counselor's
mission, but followed it last.

Note also (383) Ambr. Thompson & A. Hart-
man both disagreed with the Johnson "hard
line" on Berlin & had K's "peace city"
plan was to "accomplish his local goals"
& at the same time saving face for the allies.
