Jerome statement from JG files HW 5/22/71

In some ways this is real, some wierd. Rather than employer, he is step-father of Godfrey K. I stayed with Mrs. J for two weeks summer 1968. Pistol Walther PPK. I handled it. You know about my interests in GK.

Rafferty is an allegedly gay shrink with whom Layton Martens lived.

Dr. Gason was mentally ill.

There is something quite odd about this statement and the incompetence with which it, clearly, was drafted in the JG office. No dates, for example.

GK was going to kill JG with that pistol, at least according to his mother Marge, who is a bit flakey herself. He did beat her up.

Jerome went to Marge's house because Godfrey was interested in guns? And all he saw was this one borrowed pistol?

I'd be surprised if at the time of the statement he wasn't married to Marge, but there is no such indication in the statement. His work kept him away for a while. I saw him only at the end of my stay.

The reason for the statement also doesn't make sense.

The address is that of Marge's home.

Wierd.
