Dear Ms. Leiba,

The Warrn Commission volumes are scarce and expensive. It may be that Jim Lesar, 918 F St., NW, #509, Washington, DC 20004 may have a set of the 26 for sale. I'm sure they will cost more than \$2000.

The Last Hurrah Bookshop stopped adding to its list of those wanting the 26 some time ago but may be able to tell you are what is available on CD Roms. I know some is. I do not know what if anything they have but from our experiences with them they are honest people. Card enclosed.

I do not believe there is any collection of Secret Service reports as you ask. If so it is not known to me.

I take it you mean by the five volumes of the FBI report the report that LBJ ordered the night of the assassination. The first volume is the text. It is disgusting. The last volume is on "uby. I read it years ago and decided I did not want it. The same is true of the three other volumes. They are of the alleged evidence in support of the first volume. Now, that you can get free!

Under the 1992 Act we are each entitled to the first 100 copies of pages free. With the index, which is quite informative on what kind of desecration that awful stuff is, it is not quite a hundred pages. I suggest you ask the Archives for it and see if you think any more is worth the time or money. Of course others can get other volumes free, but I think it wastes time. It disgraces us all!!

That part of the Archives has moved. It is separate from but on the Univ. of Md. main campus, at 8601 Adelphi Road, College Park, MD 20746-6001

I have not kept up with their new computer identifications but if that is the report you want in the Commission's files it is CD 1 so you can identify it that way. *Volume 1 of CD1,*

I have no knowledge of where any of the HSCA volumes may be available but ask Last Hurrah. They may know. Or can tell you if they know of any anywhere. I've not heard of any for years.

I hope this can help you some. The stuff is real scarce. CDs may be your best hope and they cost much less. I know the first 15 of the WC volumes are on CDs. We have only our own books.

Best wishes,

Dear Mr. Weisberg:

I would like to request your help. I would greatly appreciate it if you could inform me where I can purchase complete copies of the 26 volumes of the Warren Commission, the 5 volumes of the FBI Report. I also need to know how many volumes are in the Secret Service Report and where I can purchase those as well.

I would also like to know how many volumes were published(?) by the House Select Committee on Assassinations and where I might be able to purchase them. Thank you for your help.
