

March 1st

Dear Harold,

As always it was good talking with you. I ordered Howard's book yesterday but it will be 4-6 weeks before delivery. I don't think I mentioned it to you, but I am well into the process of writing the book I've for long desired to write. I think H.R.'s book will benefit certain chapters of mine.

Anyway here's the ladies' essentials as per your request.

Dear Floyd,

Thanks for your note.

I've not heard from Dave.

Maybe I won't until he is here. He may have told me when he is coming and I then forgot the exact date. I know he said on their break.

So if you can get the tapes to me I'll give them to him.

Maybe the best way would be through Jim. He will be back before you can get this. And Dave will fly via Washington.

Hope things go well.

Sincerely,
