MARK LANE REPLIES TO THE DEFENDERS OF THE
WARREN REPORT AND REVEALS HOW THE
ESTABLISHMENT CAN ACT TO SILENCE DISSENTERS

Following are some of the points discussed in Mark Lane's A CITIZEN'S
DISSENT which may surprise many readers:

Radio Station WOR conducted a survey to record the impact
of two Mark Lane appearances, concluded that listeners in
unprecedented numbers found Oswald not guilty by a ratio
of seven-to-one, and then "banned" Mark Lane "for life."

--See pages 26 and 27

* * *

FBI agents visited Radio Station WINS in New York to question
Murray Burnett about Lane just after he spoke there.

--See page 26

* * *

A Follies Bergères show girl served as an undercover in-
vestigatior for Mark Lane in the Dallas world of Jack Ruby.

--See page 29

* * *

ABC-TV cancelled a Lane-Belli debate because, according
to an ABC official, Lane had "the facts" and that "might
confuse the audience."

--See pages 30 and 31

* * *

UPI White House correspondent, Merriman Smith, who was
awarded a Pulitzer Prize for writing about the assassination,
is still "totally confused as to his own whereabouts at the
time of the shooting."

--See pages 144 and 145

* * *

FBI agents visited a radio commentator in Philadelphia after
Lane spoke there to discourage him from inviting Lane again.

--See page 26

* * *

CBS-TV in its documentary program presented Lawrence Schiller as a "professional photographer and photo analyst" who had "made an independent study" of and vouched for, a Warren Commission photograph whose authenticity was in question. Yet CBS never told its audience that Schiller was Jack Ruby's former business agent.

--See pages 84 and 85

* * *

One Warren Commission lawyer, while willing to hold press conferences and appear on television programs in defense of the Commission, refused to testify in a New Orleans trial related to the assassination inquiry.

--See pages 139 and 140

* * *

CBS had a rifle test conducted by an expert, Col. Jim Crossman, which proved that Oswald could not have been the lone assassin and that CBS then refused to broadcast any information about the test and its results.

--See page 106

* * *

One Commission lawyer, in defending the Warren report during a radio program made eight untrue assertions in a few sentences.

--See page 131

* * *

Lawyer Louis Nizer wrote the introduction to the Warren Commission Report which vouched for its accuracy although he had not examined the evidence of a single witness nor read any of the other evidence contained in the 26 volumes of testimony and exhibits.

--See page 146
