It took so long for the Lone tapes to reach here I'm certain I cannot be ready to respond by the 17th or 18th, as I'd hoped.

You did not send them when presided and then sent them and your letter 4th class, which is slow. You also sent the tapes in the form I cannot use, not on casuattee as I maked. This means I'll have to see if I can pay the local radio station to deb cassettee from them before I can do anything. This means further delay, this being a weekend, and added cost if they are willing. It sight be much faster if when you receive this you send cassettee as I maked. You know most of us are not equipped as radio stations are.

you say "I cannot assign you a firm date until we discuss the specifies over the phone." I do not know that this means but I do assume you will offer me exactly what you provided here. This quite obviously did not include prior restraint or consorably or the use of the whiteout switch when he was defauntery, from what shows who heard the above have told me.

Please let me know what you mean by "specifies." I am generally home, where my office is. The phone is 301/473-8136.

what I would like to do, if it is within my limitations, is dub out some of lane's statement, play them and respond. In this way there will be no question of accurate quotation. It would be more than I could do to try this with all. I'd make notes of the others when I can bear the tapes. I'd like to do this with all but I as without help and without special equipment. However, if you think using his voice would make a better show my Sony TU 95 has a counter and with a consetted I could give you the footage. If you'd prefer no dubs, I'll save myself that time but I do think it would make for more realism.

Show like this - isoluting this one- are not new to me. I was doing your then Steve Allison more than a decade ago. In all that time there has never been a single request for time to respond, never an accumation of flame or exaggerated representation by me, whether or radio or TV and from coast to coast.

I am told that not only did have decline to confront me with me on the phone, which disadvantaged me much, but you then let him go farther and say I belong in a mental institution. The one besis I know for this is that I abendoned my second book to get Wesley Liebeler, a Warren Commission lawyer, off lene's back. This was at the request of several of his Hollywood friends. It seems that Idebeler called have a liar, here said he would spine, and Liebeler rode the sirm waves asking "ane when. It never hap ched, of course. I did milesce Liebeler without regard to have as liar and "ane filed no suit. One of the shows I then did was Bort Shahandhakka Sahl's. Bort has since written a book in which he reports throwing his old pal lone out of the house.

In any event, although I believe that giving me the same facilities with the same conditions would meet your obligation. I do suggest that we go farthur - that without his having to sak you you provide Lane a tape of my appearance and th at at a mutually convenient time he and I have a live and unrehearsed confrontation of your show. "e has a book due so he should valcome the attention. I would ask that you extend this offer on the air at the end of the chew I'm one, and if he refuses, thereafter seport that.

Sincerely, Hareld Weisberg
