Dear Andy,

Having to take the LIS form to Hood so acknowledge receipt of the various films we gave them reminds me that you never^s sent me any cards, if you have one, for me to enclose where appropriate in my correspondence.

And that reminds me that my dear friend Dal McGuirk will soon address about 200 teachers in a teachers conference on the JFK assassination. I think it is the Auckland teachers association. If he had a card to keep in his pocket that would be a reminder if anyone ~~exp~~ expresses any interest in books. I'm sure he'd be glad to tell them.

Come fall he is also going to teach a ~~course~~ course on it there, meaning where he teaches.

I have no word on when NEVER AGAIN! will be out. From what I was told last December it was to have been manufactured by the end of March and in the stores last week. But they managed to mislay the first half of the pages proofs and not to mention that to me for three weeks. I xeroxed my set and sent them. That might have caused a delay.

meant I misunderstood you when you asked to have some books autographed. I thought ~~he~~ you went to have them for sale.

If you ever want that, I'm willing.

What Mailer has done is disgusting and with him is shocking. I'm writing on that. If you get any literature relating to Oswald's Tales or remember any ads or promos in ~~the~~ Publisher's weekly I'd like very much to know or have copies. Or of anything in the papers you see.

I've been told there has already been protest.

I've read The New Yorker junk. And my file, which held some rather good things. That phony he-man assumes Oswald's guilt and scened what he got in the USSR, which includes nothing new except worthless added details, and he suppresses what casts doubt on what he wanted to say or refutes it.

Best to you both,

Harold
