Dear Jim,

When we heard from the local reporter on the 24th, the day before you said you would hold the press conference on NEVER AGAIN! that you had not returned his call we feared that you had had a health reverse in New Zealand. So did Dave when I told him. Then we heard from that reporter last week that you had returned his call when he was not in and were not in when he called you back so he had no news.

Before that I heard nothing from you. I heard what you told McKnight and Dave and you told me nothing.

I do not know what, if anything, I would have been able to do, the reason I asked you to hold the press conference for me in Washington. But I do know that once you said you would there was not a thing I could try to do. That foreclosed any proper effort I could make.

When a man gives his word he keeps it.

If he later changes his mind or has misgivings that are genuine he says so and why.

But he does not keep others dangling and entirely uninformed. Not when he has given his word and others depend on his keeping his word.

As I wrote you some time before you left for Singapore, if you are not going to keep your word, please send me the books.

I add to that all copies of what else I sent you. By this I mean you are not to make and keep any copies. I do not want the nuts with whom you are associated to make any uses of them. They can't, some of them, even get a phone book straight. And others do not even want to!

If I thought that saying anything else could make a difference I'd take the time.

I'm sorry for you for some of what you are involved in and for the fact that you seem to be unable to think in real or rational terms and are all involved in what ranges from irrational to evil.

Sincerely,
