Washington (AP) — Sen. Edward Brooke, R-Mass., said today that he believes a conspiracy exists in the assassination of Dr. Martin Luther King Jr. He said he has received information from a source that a group of men in the South are planning to assassinate other prominent Negro leaders.

Brooke said he has been told that the group is known as the "Black Liberation Army" and that it is active in the Southern states. He said he has been told that the group is planning to assassinate other prominent Negro leaders, including Dr. King.
