

Further, unless the recipient of the report is...

Further, unless the recipient of the report is... in which case you will be notified. If you have not heard from me in the meantime.

As I am asking nothing of you, this whole thing depends on you. I have these few requests before going to the doctor for the operation of my appendix. My only purpose here was to try and express the things I feel. I hope that what I have tried to do or write I have not said anything which may cause any ill-will or harm. So that if you don't think it anything you may be aware of what I am saying.

Best regards to everyone.

Harold G. Galt
