⑦ Ferric — told a close friend
that in 1961, after B. J. Pigo,
he was working for CIA.
In proof he told him that he
made a landing in Cuba w/ group
of anti-Cas insurgents, stabbed
by a Castro guerrilla. His autopsy
revealed that he had a
12-15-inch scar. The DA's
Office has photos of scar
— frequently seen in Office of Benavides

(10) Oswald - DA's JFC believe
O's notebook contains obviously
wired telephone no's, other
enciphered mat'l, together
w/ ~~some~~ references to micro-dot
film. Oswald trained at Atsugi
AFB in Japan, a known CIA
training ground.

(11) Why was Kennedy killed?

- after Bay Pigs, it was made
w/ CIA because of the

On July 31, 1963 The FBI
seized a ton of munitions near
where one of the groups had

been found in St. Tammany
100 lb bomb casings, powder,
primer wad, percussion caps &
other explosives

This was considered by fervent
anti-Castro Cubans to be a final
disavowal of their activities
and their anger was aroused.
Earlier -

In October, 1962, ~~anti~~ anti-Castro
Cuban sentiments were aroused by
that they considered K's failure
to follow up on the Cuban missile
crisis by retaking the Castro-dominated
Carib. Isle.

While Oswald was reportedly fired
from his job at the The Ruby

action training camp departed,
Oswald reportedly continued
his ass'n w/ Dache-Castro

in the company of a Cuban
described as powerfully
built.

(12) Gordon novel, a fug. witness,
has said that he, Arcacha,
Ferrer, Shaw & other figures
in the Garrison invest, all worked
for the CIA, altho he has denied
~~that~~ publicly being a CIA agent.
novel has upheld the story to
friends & associates & it has been
confirmed by sources close to
him & by mounting circumstantial
evidence.

(13) Oswald was known to have passed
out pro-Castro leaflets at ITM
at the same time that a militant
anti-Castro group led by Ferrer
was demonstrating close by.

His role is pictured in the Garrison
invest. as that of an undercover
agent provocateur - who aided the
anti-Castro movement by providing

to palpable evidence of real activity. He was a revolutionary looking for a revolution - any revolution.
