

11/30/71 - Holland McCombs - Ray's story in
Life not impossible. Work through David
Chandler + with a lead summary
that he can use to "sell" through all
the channels when there are about 200
stories presented each week. Do not
make explicit the angle of society
journalism but ~~let~~ let it be
implicit, let the reader get it.
Foucault would be a separate
story & if it checks out a hell of a
story. Logency of analysis important
because nobody who will look at it
has enough time. Thus it must
also be terse.
