

3/13/97

Dear Jamie,

Congratulations on improving your housing!

Enclosed is our check.

Had a note from Dennis. They are enjoying England and teaching there.

Yes, when you have finished please send me as complete a printout as you can along with the original copy. On which I hope you noted the beginning or ending of page numbers on the printout. Makes checking easier. *Don't take time for it now*

I'll then go over it and return it for corrections, which may well include in what I wrote.

Please let me know the cost of the paper so I can repay you. I'll pay you for the disks when I get them.

I live convoluted hours so I never see much on TV and rarely anything after 5 p.m., by which time I'm abed. I do see a little in the early a.m. when I eat. But we do not have cable and the show you mentioned is one I'd not heard of.

Most of them are worse than worthless because they mislead and misinform the people most of whom do care and would like the truth.

Thanks and best,

Harold Weisberg

Dear Mr. & Mrs. Welsberg,

Below please find my time sheet. I have started on the next chapter, "The Honor of Honorable Men," having just finished the "Cold War" chapter. After the aforementioned chapter, I only have "The Creators of the JFK Assassination Industry" to do for you. Once these are complete, would you like a complete set printed out and mailed to you, along with the originals, for comparison and corrections?

There was recently a movie on Lifetime Television regarding Lee Harvey Oswald and the assassination. Having caught it mid-program, I don't know the title, but am wondering if the two of you got a chance to see it and, if so, what you might have thought of it. Still, this history fascinates me.

Brian and I are moving at the beginning of April. We have found a cute, two-bedroom cottage to rent in a neighboring town on a lake. Our new address will be 31 Hartshorn Lane, Warner, NH, 03278. We will of course submit a request to the post office to forward our mail, but I wanted to let you know nonetheless.

Take care, and let me know if I can do anything.

Jamie Cyn
