Your letter of 11/1/ postmarked 11/2, did not arrive until/yesterday, when I read it but had to lay it aside to complete work on legal papers that had to be filed by yesterday p.m. Sorry I could not respond earlier.

Yes, of course you may come. However, you will also please understand that unlike Penn, who can ;ead a fairly flexible life (and with his wife can be two of the world's most thoughtful and conside ate hosts), I work at an intensive pace. I write this at 5 a.m. and I worked until 11 last night. I am working on a large book and there is a rush on its completion.

After two days of intermittent puszling, I think I've figured out what you meant by saying I have autopsy pictures for \$21.00. I don t. I did have some xeeox copies of

the past of Post Mprtem. I dan't know if any are left.

I suppose from the way you write that you will have a cgr. You do not say where you will be near here. We are less than 10 minutes from the oliday Inn in Frederick. That and the State Folice Burracks opposite it are the best landmark. They are at 40W and Baughman's Lane. From there turn from 40 onto B lane to Shockstorn Road, there turn left to Old Receiver Road, where you turn right for .3 miles and we are on the left, in a patch of woods that hides the house. This is in the flat just as you go down a short, steep S curve.

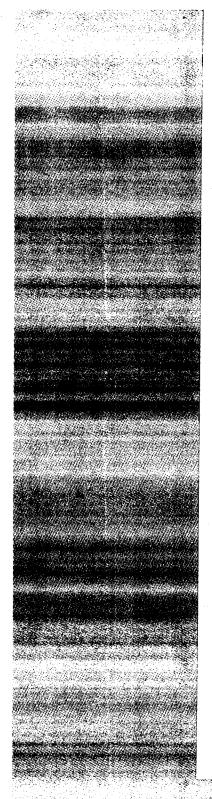

If you come from the north, it is a bit faster to leave US 15 at Rosemont, going to the right on Rosemont Ave. The first road on the left then is the beginning of Shookstown Road. The instructions are the same as the other way. If you come from Hagerstown on I70 N, take the first Frederick exit, which is within a city block of the crossover you have to take to cross 40, so get into the left lane on 40 immediately. Opposite the crossover is a country road, Bowers Lane. The it to Shookstown Road. If you miss the crossover go the couple of miles to the State Police Barracks and you have the instructions. If you come from Washington, it will be as the first, at the barrakes.

Glad you are getting out. Sorry I don't have time for more.

Best.

Too

In a matter of days, my service in the army will be finished. On November 17, 1973, I will officially become a civilian. That is something that I have been looking forward to on the past 2 years. On Movember 19, mus friend Tom-Barns, and I, are going to journey to Hallas. We want to be there on November 22 nd. form Jones has offered to take us on a tout of the assassination punts. He also said that he has hundred of photographs that are available to a year ago you stated that you had autopsy photographs available, at a price of \$21.00. With your permission, I would like to surchase a set. It is also my desire to meet you. although in your letters you have stressed the fact that you are a very way man, I sinarely hope that you can find the time to spend on evening with us. I have

A friend that lives not far from
Spectrick, from where I would come
to visit with you. I am sure that
it will be a memorable evening for
Tom Bains and mipelf.

If you could fit us into your
schedule at a time that wanted be
convenient for yourself, we would
be forever gratiful. If you will
meet us, let me know when, so
that I can begin to make my
arrangements. Thank you here much.
