

THE ASSASSINATION PLEASE ALMANAC

Tom Miller

Introduction by Donald Freed,

Co-author of *Executive Action*

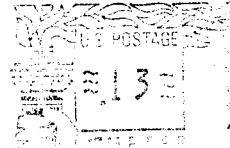

- What do Fidel Castro's victory in Cuba and the inexplicable power failure in Washington D. C. on November 22, 1963, have in common?
- What is the Assassination Information Bureau?
- In the death of President Kennedy, how was the most convincing physical evidence of a conspiracy suppressed?
- What documents in the JFK investigation have turned up "missing"?
- What did Lyndon Johnson remark when he was handed the first copy of the Warren Commission Report?
- How many books, including novels, have been based on the assassination?

Answers to these questions, plus 8,000 other pieces of information, have been gathered into one first-of-its-kind volume containing everything anyone—from assassination buffs to browsers to historians—would want to know about America's longest-running unsolved mystery: the murder of JFK. *The Assassination Please Almanac*, chockful of facts and illustrations, lists every significant event chronologically and discusses the entire cast of characters, the evidence, theories and cover-ups. It includes a complete annotated bibliography, previously unpublished documents, scores of quotes, and an account of who nurtured the investigation and who stood in its way.
