Mr. Mark Bekhoff
General Services Administration
National Archives and Records Service
Washington, D.C. 20408

Dear Mr. Bekhoff:

I have a few new requests to make of the Archives, as itemized below.

1. I believe that a small "multiband" radio was confiscated from Lee Harvey Oswald's roominghouse at North Beckley St. when searched by the Dallas Police. The police inventory of the search as printed in CE 2003 describes the radio as Russian made. I further believe there are three "push-buttons" on the radio. Although I am not currently aware of whether any exhibit number is affixed to the radio, I would think it should be in the Archives nevertheless.

If it is possible, I would like a Xerox copy of the face of this radio. If this cannot be done, then I would greatly appreciate it if you tell me what frequencies the radio can pick up. I am especially interested in its capacity to pick up foreign broadcasts, such as from Russia or China.

Also, I would appreciate any FBI, Secret Service or other reports you may have about this radio and the frequencies it can pick up.

2. Please send me a copy of pp. 150 and 151 of CD 5, dealing with William Harper and the skull fragment he found. Also please send the two pages from CD 1395 which contain the 7/19/64 FBI reports with Jack Harper and A.B. Cairns, relating to this fragment. If there are any other relevant documents, I would appreciate copies.

3. Contrary to your letter to me of August 27, 1969, I have been informed by a fellow researcher that the two slides taken of the above mentioned skull fragment are contained in the National Archives as CD 1269. I would like to obtain a color duplicate of each slide, the fee for which may be subtracted from my account.

4. In August, 1968, FBI Director J. Edgar Hoover informed me that the above mentioned slides were turned over to the Warren Commission upon receipt. A copy of this receipt should be in the Archives and I would appreciate a copy of it.

Please inform me of the balance of my account, after these requests are subtracted.

Sincerely,

Howard Roffman
