Mr. Harold Weisberg Coq d'Or Press Route 6 Frederick, Maryland 1701

Dear Mr. Weisberg:

This is in further reply to your letter of June 16, 1971.

We have found that at some time in the past the knot in President Kennerdy's necktic was untied. We have therefore prepared photographs of both the front and the back of the tie in the knot or a. The photograph of the front of the tie shows the "nick" or done aged area. We have also prepared the photographs of the incide of the damaged area of the collar of the shirt and input of the collar with the tie under the collar. The last of these photographs, of courts, does not show a knot.

Sinterely,

JAMES B. RHOADS Archivist of the United States
