Regulations for Reference Service on Warren Commission Items of Evidence

Assistant General Counsel - LR

Enclosed is a proposed revision of paragraph 5 of our "Regulations for Reference Service on Warren Commission Items of Evidence" in order to provide for showing the clothing of President Kennedy to ~~researchers~~ whose applications to see the autopsy X-rays and photographs of President Kennedy are approved by the Kennedy family representative.

We have previously refused to show the clothing to researchers, including Mr. Harold Weisberg, and have shown photographs of the clothing instead. We have now begun to show the autopsy X-rays and photographs to researchers whose applications to see them are approved by the Kennedy family representative. It seems that there could be no doubt concerning their qualifications as researchers to see the clothing also under the agreement between the Administrator of General Services and the Kennedy family representative dated October 29, 1966.

The regulations became involved in our lawsuit with Mr. Weisberg, and we revised them to provide specifically for showing photographs instead of the clothing. A copy of the regulations as revised on July 6, 1971, is enclosed. Copies of correspondence with Mr. Weisberg, LC, and Assistant United States Attorney Robert Werdig concerning the regulations are also enclosed. I would like to request your opinion concerning whether the proposed revision of the regulations is all right from a legal point of view.
