

APRIL 1970

NSRP On The March

The National States Rights Party is making tremendous progress in awakening America to the true nature of the enemy. In recent weeks we have noticed a complete change in the attitude of the White people of America. They are sick and tired of weak, namby-pamby Birch type conservatives who shrink before the enemy and are too fearful to allow their members to mention the Jew enemy by name.

Everywhere we go people express a readiness to accept the full truth and want to support a real FIGHTING Whiteman's Movement that can inspire and give leadership to the people.

I wish that every one of you could have been with us during the "March for Victory" in Washington, D. C. NSRP members from chapters in Connecticut, New Jersey, Baltimore, Maryland, and Richmond, Virginia attended. Carrying some 30 flags and standards with others holding signs, we marched down Pennsylvania Avenue right in front of the nation's capitol. Full picture story is in the May Thunderbolt. I know that you would have been as thrilled as I was when the cheers went up from the 50,000 Whites gathered before the Washington monument as our contingent marched by.

Our White folk are sick of talk, they want action! The NSRP is the largest and most widespread White people's political movement in America today. We are growing by leaps and bounds all across the nation. Wherever I travel and speak, people tell me they want to form a new chapter of the NSRP in their community. More young people than ever before in our history are contacting us about activity. Our dynamic symbol, the thunderbolt, instills spiritual faith and excitement in new people. The thunderbolt is designed from the Runic alphabet of our ancient forefathers and is so striking that no one can ignore it.

We want our people to be filled with a determination for White race victory. We want it to be known to our enemies that absolutely no sacrifice is too great for our people to make in order to smash our enemies and win the fight. From time to time some few will join us looking for instant easy victory. But it is the "stick with it" faithful folk who have stood with the NSRP down through the years. They now see the groundswell building up into the popular stage into which our NSRP has now stepped. There is no longer any doubt that we have become THE leading Right Wing White people's movement in America. We are willing to co-operate with all other sincere groups, but the dawn is here and we have emerged from the battle as the ONE organization that now does have the golden opportunity to deliver the knockout blow to the enemy.

TWELVE YEARS IN THE FIGHT

I, Dr. Edward R. Fields, have been editor of "The Thunderbolt" for 12 years. I have witnessed dark days of persecution when half of the national leadership including myself and Attorney Stoner had been indicted when Bobby Kennedy was Attorney General.

We went through the days of starvation when all the active leaders lived in a

barracks-like commune in Birmingham, Alabama. Slowly but surely we overcame all obstacles the enemy threw in our path. It was through sheer determination and guts that we fought on when men of lesser spirit fell by the wayside; they left the NSRP and joined the "establishment."

With this undefeatable drive, we have now stepped into a NEW ERA! We find the nation at our feet, ready with open arms to welcome the fighting men of the NSRP. They look to us to lead them into battle and victory in the streets of America. Many times I have stood in the streets with our men in demonstrations which were attacked by communists and we did battle to win the right to stand where we were. Many times I have been arrested for "marching without a permit," "picketing without a permit," and even "speaking without a permit." Over and over again at great expense we have gone through the courts, one case taking two years to win; but indeed we finally did win ALL OF THEM!

Attorney Stoner and Rev. Lynch went through riotous struggles in Bogalusa, La., and St. Augustine, Fla., all of which ended with black communist agitators being driven from these cities and great battles won for the White race.

Our National Organizer R. D. Eldridge, Kentucky leader Jerry Pope, treasurer Pete Xavier, Rev. Connie Lynch, and others fought it out in a vicious gun battle in Berea, Kentucky where revolutionary blacks came to kill our leaders. The dead fell on both sides and Elza Rucker became the first NSRP member to lay down his life for the Party. He died fighting on the front line, sacrificing his own life in order to give the others time to get to their guns and smash the surprise attack.

All this is but just a part of the long struggle we have gone through in order to build this glorious fighting Whiteman's movement. It is now part of your heritage and one which now makes us so strong that there is nothing the enemy can do to stop us. Only last week in the "Wall Street Journal" it was admitted that the National States Rights Party can no longer be ignored on the political scene. They said its size and effectiveness has surprised many politicians who must now take into consideration our effect on the voters.

This is a very significant statement from a publication which is read by all the important personalities in the financial community. WE ARE ON THE RISE AND OUR MODERATE BUSINESS LEADERS HAD BETTER TAKE NOTICE AND RECOGNIZE OUR FORCE!

TREMENDOUS ANNOUNCEMENT TO COME

When you receive the next issue of "Personal Newsletter" be ready for the most important announcement in the history of the National States Rights Party. It will be one which will make national news and begin our greatest battle for actual political power in America. This will be the beginning of the second part of our drive to go before the masses in the streets and enlist them in a life and death crusade to save America and the White race. There will be a roll for every one of you in this new program and I know that all will participate to the best of your ability. Soon we will be able to announce the details. This will be the turning point for our cause and will make history for the White racist movement in America.

SPECIAL LIMITED BONUS

On August 7, 1933, Samuel Untermyer made a speech declaring a Jewish war to destroy Germany. He said the "Gentiles must be enlisted in this sacred war" against Germany. The Jews' plan, outlining how America would be used to defeat Germany, has been reprinted. The slashing counter-attack by Father Coughlin against Untermyer is also reprinted here. This led to Fr. Coughlin being banned from radio by President Roosevelt.

This booklet, printed in limited number, is available only to those who answer this newsletter using the enclosed slip.

Also, as a special extra bonus, all who answer this will also receive a copy of Dr. Field's eye-opening treatise "Documented Proof: Jews Behind Race Mixing," now in booklet form.

As this newsletter goes to press, we have just held rallies in Chattanooga, Tennessee and Jackson, Mississippi. Supporters in North Carolina can look forward to a large rally the NSRP will hold in your state within the next few weeks. Other rallies are being set, and announcements will soon be mailed out to supporters in the areas concerned. This is the beginning of the NSRP whirlwind which is going to sweep America this summer.

The coming "great announcement" of next month will be in addition to the rallies, and both will last all summer long. "Personal Newsletter" goes out to all NSRP members and supporters. It carries the news of the internal affairs of the NSRP. "The Thunderbolt" newspaper is for the enlightenment of the masses on the vital public issues of the hour. It is your vehicle to awaken new people and convert them to this holy cause.

Needless to say, the prime objective of the newsletter is to raise the money needed to keep this fight going. The Thunderbolt paper on its own actually loses money. In reality, all of this work must be subsidized by our inner circle hard core. Those who know the truth and are willing to make personal sacrifices by giving financially so that we can grow as fast as humanly possible. All of you know that we have faced every adverse condition imaginable and now face the enemy stronger than ever before.

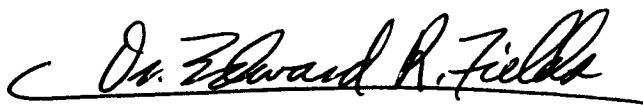

Page 4

Without your loyal support, the NSRP movement would not be today the oldest, largest, and most effective White racist political group in America.

Be that as it may, we still need your help, this month and every month to keep the fight going. Due to this being tax time, plus spring shopping time, etc., we find ourselves with a resultant temporary problem-- and that is our finances being at the lowest level in 12 months according to our treasurer, Peter L. Xavier.

Nevertheless, we have not the slightest doubt that every supporter will continue to give as best he is able to sustain this movement. Be your gift \$100, \$20, \$10 or even less, it is the ammunition which keeps us going. Therefore, without delay, before it slips your mind, fill in the enclosed slip and rush it back to us as soon as possible. God Almighty will bless you for it and His steamroller will continue to bear down on our common foe.

For White Race Victory,

A handwritten signature in cursive script that reads "Dr. Edward R. Fields". The signature is written in black ink and is positioned above the typed name.

Dr. Edward R. Fields

P. S. Don't forget, all who give this month will receive the booklet with the famous Samuel Untermyer speech and Fr. Coughlin's reply. Also you will receive my newest booklet, "Jews Behind Race Mixing."

PERSONAL NEWSLETTER is issued monthly to members of the National States Rights Party and to its supporters whose regular monthly contributions help build this patriotic Christian movement.
