Dear Harold:

Before I get into this letter, please send me 5 more copies of Whitewash II.

In my research into Stealth technology, I lucked into some good stuff. Recently, at an air show in Southern Indiana, the Air Force sent the F117 Stealth Fighter from Grissom AFB in Central Indiana for a flyby. Although they did not land it, my race car buddy photographer said he got some good pictures. I'll try to get some from him.

Another race car photog that I have met had a profile done on him in a racing show. And I have a funny story.

You remember the picture of Ike and JFK, walking away from the cameras at Camp David, in the beginning of JFK's term? Won the Pulitzer? Anyway, the guy who took that pic is now helping my friends with race car pictures! Shows how far a redneck sport has come.

Thanks for the enclosures etc. I guess Jim Lesar is a difficult person to work with. Although I would love to find you wrong about something, I haven't yet! I guess it is fun to cobble together various theories like Sherlock Holmes, but that is not the proper way to go.

Having to put up with you and facts, not theories, has even had an effect on my law practice. I just try to hammer on the facts, not putting up with bullshit. I worked that angle in a recent trial and I hope it works. Tried to catch the plaintiff in as many lies as possible. We had a swearing contest type of case. Still waiting for the decision. Hope it worked!

My experience with AARC is this. Joined it about a year ago. So far, I have received one newsletter. That is it.

Interesting letter to Janet Reno. Bet she doesn't answer.

Gerry G. sent me their speech and enclosures. Very good. I think we could use more scholarship and fewer freak shows.

Think Colin Powell will run? I don't think so. Like most military types, he probably has a thin skin. I think Clinton will be reelected, unless something odd happens like Dole picks Powell for VP. Which really would be a good deal for Powell, who needs some elective experience. But I think we are looking at a Republican Congress and Clinton for Prez for the next 5 years or so.

Maybe Perot will run again!

Bill
