Dear Harold:

I am in a hurry to get to the post office, so I shall get to the point. I wrote the enclosed letter to Jane Norris. Perhaps she will have you on her show.

I have not sent Waketh to Paul Wurtzel yet, but I shall do so shortly.

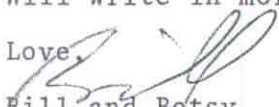

Had a great vacation. Coming back north stayed in Cocoa Beach, in sight of Cape Kennedy. Saw a rocket shoot, Cannot believe the power. The enclosed picture of another missile is almost shot from our hotel room.

The enclosed article on JFK and the nut Hersh is yours. Turn page over and article on Blackbeard quotes my friend Steve Claggett. Worked with him many a year.

I have other things to say, but they will wait until tomorrow. Dad is improving, building up his strength. Caught a lot of fish, Key West had rumors of war, a lot of aircraft carrier type practices, they have a practice strip there. Buildup is because of Iraq, in my opinion. Heard afterburners every day, lots of flying. Watch out, Saddam!

Will write in more leisure soon!

Love,

Bill and Betsy
