Dear Harold:

Well, I guess you could say that Bill Clinton has his own missile crisis! Have you ever seen anything blown out of proportion like this? I have always said the press did not have a liberal-left bias, but in fact has a right wing bias. For example, on ABC Sunday morn with Cokie Roberts and Sam Donaldson, they have two right wing Republicans, Bill Kristol, of the rightish Weekly Standard, and George Will, who never met a Democrat he did not look down upon. Kristol's almost exact phrase was, "Everyone knows that the President is lying about the Monica Lewinsky affair, and he has no credibility." Donaldson did challenge him a bit, but it is unbelievable that he is allowed to use ABC as a far right wing pulpit.

I have had no response to my offer to Prof. Grundy of the UK Martin Luther King center of my donation offer of "FrameUp" or my offer to make a presentation on King's death. Wonder if I shall get one?

They have these wonderful stiff foam white boards for making jury presentations. I want to put some of the JFK and King material on these boards, with a headline. Sample enclosed.

Hope all is well with you. And Lil. As you might note, my typewriter is all tuned up. These IBM Selectric II's are great. If you trade them in on a new IBM typewriter, they will usually give you \$50 and then crush them. They are still their main competition. South America and Central America imports used ones, it is quite a market.

I'll never give mine up.

I believe I will enclose some inserts. Gotta run. Take care of yourself. I'll write later in the week.

Denying I even know any young girls, I remain truly yours,

Bill
