Sept. 22, 1998

Dear Harold:

May be time for a new ribbon! I have been doing as well as can be expected under the circumstances. Somewhat depressed, but carrying on. Like I said, Dad used to ask me how you two are doing. We weren't worrying about himK!

Nice letter to the editor enclosed.

I also include two articles about Dr. King.

I feel like I am about a month behind. My uncle died last week, Mom's last brother. So, I have had about enough of funeral homes.

I wrote Don Wilson last week, letter enclosed. Will talk to him soon.

Harold, my plan is this. I am going to write Janet Reno, about King and I plan to tell her that Weisberg, Wrone, McKnight and Jim Lesar should be interviewed. Also, Don Wilson. I am going to copy several members of the Congressional Black Caucus, my congressman, NAACP, and press release. I plan to say that Whitey Partin and Leander Perez had ties to James Earl Ray that were not investigated. I will also copy the FBI.

My thinking is this. It has been hard to get you fellows to even mention Partin and Perez, though they are the prime suspects. So, even if they are still not looked at, at least in the archives of the Congressman, wherever they leave their papers, there will be ahead to future investigators.

Went fishing, caught nothing, and had a great time. Saw a great blue heron catch a fish! Had not had a boat out since Nov. 30. I hope to get some time off this fall, but when. Betsy is hard at work on her PHD. So, she will be officially smarter than me.

Have heard nothing about doing a radio show. Will get back to him.

Still trying to get a speaking engagement. Next attempt, Berea College.

Will write soon.

Bill

September 22, 1998

Berea College
P.O. 2344
Berea, KY 40404
Attention: Speaker's Bureau

Dear Sir/Madam

I am interested in speaking at Berea College on the murders of President Kennedy and Dr. Martin Luther King. In recent years, I have done extensive research with Harold Weisberg, Prof. David Wrone and Prof. Jerry Mcknight. Mr. Weisberg is the nation's leading expert on both of these cases. Prof. Wrone and Prof. Mcknight are the leading academic researchers on these cases. I also give these men as my references. Addresses and phone numbers are available.

I would display and make available to your students several FBI documents that have been released to us under the Freedom of Information Act. I would discuss the evidence in these cases, including the status of the newly reopened case of the murder of Dr. King.

Because of my great respect for Berea College, there would be no charge for my speaking fee. If Berea College is interested, please contact this office.

This is the 35th anniversary of the death of President Kennedy and the 30th anniversary of the death of Dr. King.

Thank you.

Sincerely,

William L. Neichter

'Fine Kentuckians'

Time was whenever a highly respected and visible Louisvillian, not just politicians, died that a *Courier-Journal* editorial paid tribute to him or her. Evidently, this comforting tradition has gone with the Bingham home-owned management. Or why didn't your editorial writers choose to salute Major General Dillman Rash?

His 91 years spanned the 20th Century. He certainly ranks among Louisville's outstandingly honorable leaders in this century.

Yes, you ran an obituary, but no photograph.

His brain and even his brawn, in some cases, strengthened educational, recreational, military, cultural and business institutions.

His late wife, Nancy Batson Rash, and three daughters made their marks as constructive citizens, too.

Also, if you haven't recycled your newspapers of Sept. 12, look up Bob Hill's column in the Scene section. You'll be glad you did.

Thank you, Mr. Hill, for running the heart-warming tribute to Louis A. Neichter, who died Sept. 1. It was written by his son, Larry Neichter.

Starting as an assistant janitor, at age 15, at the home-owned Whayne Supply Co., Neichter advanced through the ranks to president and finally vice chairman of the board.

Let's think beauty, good thoughts, as these fine Kentuckians did, Dillman Rash and Louis A. Neichter.
