Dear Harold.

Backup typewriter! Needs use.

I am going to do a show on WHAS radio Sunday night Jan. 17, actually 12:06am Jan 18, Monday morning. I think we are going to use Gerry Ginochio as the expert have him call in at midnight or 1am.

So I have two questions for you. I may do the show until 4am if Joe Arnould will let me. Dø

Do tyou think you would be able to be on the show at 3am or 2am if we called you?

Now, I certainly don't want to bother you if you cannot. I know that is the middle of the night.

Question #2.

What topics on the Dr. King murder do you think we should cover-my list.

1. James KEarl Ray did not do it, appears setup.
2. King had many enemies, and had been the intended victim several times.
3. King killed as a result of conspiracy, never properly investigated by Memphis, State Police, or FBI.
4. Evidence points away from Ray, and proves some type of conspiracy.
5. Justice system failed him, illegal exrtradition, bad lawyers with conflict of interest, illegally kept in solitary where he had some type of mental problem.

I will try to read some ~~sof~~ of the FBI memos we have.

I'll call soon. If you respond in letter at once, it will probably get here to me. Thanksd

Dill

Dear Lil,

This is the typewriter that I ocne offered you. As you can see, it suffers from lack of use.

After its initial freakout, it does OK.

We are so glad that you are better. We hated to see you get hurt, and we hope that you are healing quickly.

I hope you can use this calendar. I have sent Harold his own letter

It was lots of fun to do a radio show on Nov. 22-23 on WHAS radio. The host, JOe Arnold, is 32 and a nice guy. He does the allnight show, sometimes golo. We had callers from all over the country, including Canadq. So, I am lucky and its looks like we will do a show on Dr. King Sunday Night, Jan. 17-actually Monday 12:06 am Jan. 18, the day Dr. King's birthday is celebrated. It is a good night for me, no court.

I guess the snow is bothering you all. It is a little rough here, as they go with the snow whill melt whenever theory.

Betsy is fine and got great grades in her PHD program. I knew she sould.

Keep on getting better, and maybe we can see you all late this spring. Hope my boy Bill Clinton stays in kDC. What a circus.

Love,

Bill

Mrs. Weisberg - Hope this finds you doing much better. It is always so difficult to be laid up; but particularly so in the winter when one is also inconvenienced by the weather. It's been cold and icy here, but at least we missed the 24" my Dad got!

Best wishes -

Betsy
