Harold Weisberg, Esq.,
Route 8, Frederick, Maryland

Dear Harold:

On return to Kansas City yesterday I found your letters of April 12, 1970 and April 15, 1970 awaitingg Receipt (March 4, 1970) of the carbon copy of your letter to Miss Patricia Carbine of Look Magazine dated February 22(?), 1970 is also acknowledged, the contents of which have been noted and the item duly filed.

In answer to your letter of April 12, 1970 nothing further can be said apart from that contained in my many previous letters. Relative to the telegram (night letter) sent from the Union Depot in Washington at 12:20 PM April 15, 1970 it is difficult to understand how such a simple instrument could become "garbled". It is reproduced overleaf from my carbon copy and as you can see it, quite clearly, reads:

"Have studied your works in copyright office request instructions for purchase of postmortem registry A 49555 and postmortem III registry A 52358 John Nichols"

The Western Union representative quite readily accepted my money and did not challenge its "clarity". The requested copy to ~~the~~ office thru the U. S. Mails has not yet arrived. I am writing Western Union in Washington about this (copy enclosed) and should appreciate you sending me your garbled copy so that I may copy and return to you.

In the copyright office I scanned in a cursory fashion your "Coup D'Etat" (A 53417, published Feb 26, 1969) and "Coup D'Etat III" (A 116522, published December 4, 1969) and decided that neither of these bear on my interests.

I also scanned, in a cursory fashion, your "Post Mortem: Suppressed Kennedy Autopsy" (A 49555, published January 20, 1969) and came to the conclusion that this is similar, if not identical, with the manuscript you sent to me in April 1968(?). If this is substantially the same as the unpublished manuscript, then, I do not want it. However, if this is materially different

from the manuscript you sent then I should like to:

- (a) purchase a copy from you, the publisher, or sales outlet at your standard selling price, or
- (b) if not, now available, obtain a copy with your permission to make Xerox copies for myself and return your submitted copy by mail insured for the maximum permitted, or,
- (c) obtain your permission for the copyright office to make micro-film copy for myself.

I also scanned, in a cursory fashion, your "Post-Mortem III: Secrets of the Kennedy Autopsy" (A 52358, published February 18, 1969). This appears to be new but because of press of time I did not have time to digest the contents and make a careful study. Now I should like to:

- (a) purchase of copy from you, the publisher, or sales outlet of this published work at the standard selling price, or
- (b) if not available, obtain a copy with your permission to make Xerox copy for my personal study and files and return your submitted copy in the U. S. Mails insured for the maximum permitted, or,
- (c) obtain your permission for the copyright office to make micro-film copy for myself.

In any event, I will be quite happy to pay you your usual/permission for having these copies made and shipping expenses. In any of my published work I would, of course, make citations from these published books of yours in the standard bibliographic fashion.

I did not have time to read your "The Concept of Institution and the Ontology of History" (A 852439, published June 30, 1966). Could I have a copy of this to read and return? I should also like to have copies of any of your briefs on the Kennedy case after they have become public documents when you file them with a court.

Sincerely,

John Nichols
