

3/5/68

Dear Dr. Nichols,

Very glad to get your letter of 2/4.

Leaving tomorrow for N.O. for about a week. Expect to be home pretty regularly from then to time of Shaw trial.

When you are at AFIP, would you be able to take a night off and come up here? I could meet you or the bus that runs to Frederick. By meet I mean pick you up and take you in town next day. Its about an hour to a little more. Then you could see some of what I have and determine its significance for yourself.

As an alternative, could you come a little earlier, say the day before the meetings. I could then meet you at the airport, bring you here and take you in the next day. We have accomodstions-not deluxe, but I think you'll find them adequate.

After more than a month I'm still waiting for an answer from Marshall.

Best regards,

Mr. Harold Weisberg
Coq d'Or Press
Rt. 7, Frederick, Maryland 21701

Dear Mr. Weisberg:

Many thanks for your letter of March 1. Yes, in addition to "seeing" Doctor Rose I talked with him for only two brief occasions but he has firm stock answers for all anticipated questions. To put it in other words he has been hardened by exposure to the press!!! He wants to forget the whole matter but agreed to talk with me more fully when I go to Dallas to specifically see him.

On April 1-5 I will be attending a course on forensic pathology at the Armed Forces Institute of Pathology (AFIP) in Washington. It is also probable that I will be giving a "lecture" on the subject at the Medical College of Virginia within 1-2 months. Just as soon as my plans are firm I will write and advise you so we can get together.

Sincerely,

John Nichols
