

G-pls return. Forget to make enough copies. Sent one to Paul.

10/28/69

Dear John,

Many thanks for the Thermofax of your N.O. testimony, which arrived today. I hope you are also making it available to Paul for xeroxing.

That you got it during the campaign is a special dispensation. They are taking time for practically nothing.

I look forward to the uninterrupted time for reading it nonstop.

It is remotely possible I will be able to get 35mm slides made from the copy of Z I have. I mean of every frame. If so, it will be a favor to me, without cost. If anyone else wants copies, I presume it will be cheapest if made when mine are. I have no idea what the cost would be. I think it probable it would be the actual cost, but I cannot guarantee this. Of course, I could lend mine for copying of individual frames, but that gets another generation from the original. If you are interested and want me to try for you, please let me know. If it is done, it will be by a man in the business who got interested when he heard me on radio. He is doing some microfilm for me. When it is done, I'll be going to him, so if you'd like this, please let me know immediately. The way he is set up, it would cost more to pick out individual frames than to do the whole thing, I'm sure. His operation is entirely automated. Sorry I didn't think of this sooner. I've known for four days.

Moo has promised me some of the testimony after the election. I'll let you know what I get and will also make it available through Paul. If you'll be satisfied with Thermofax, which costs you nothing, we can send to you direct. Do you expect any other testimony? Have you asked for any other?

Again, many thanks,

Sincerely,

Harold Weisberg
