

YOUR PRESIDENT!

PRESIDENT RICHARD M. NIXON

BEFORE NIXON!

In the sixties we had war in Southeast Asia. Violence in the streets. Los Angeles, Detroit, Washington and other cities in flames. Public burning of the American flag. Riots and killings on campus. Protest marches of hundreds of thousands of people on Washington.

WITH NIXON!

In sixty-eight and seventy-two you supported Richard Nixon and the protest ended. Now, a protest NOT of the people, but of the journalists, analysts, columnists and selected members of the opposition party is attempting to supplant the will of the people.

NIXON INNOCENT!

Even the Senate and the News Media admit that they have no proof of anything for which the President could be impeached. They say there are a lot of questions they want answered. However, the President, the same as you, is innocent until proven guilty . . . that's the law of the land! If you deny the President this right, then YOU can be denied the right to be considered innocent until proven guilty.

WHAT DOES NIXON OFFER?

Inflation has been slowed. Unemployment has been reduced (without war.) Wages for the working man are higher than ever before. We are getting a sound energy policy. There is a favorable balance of trade with foreign countries. Trading and cultural exchange with China and Russia have been worked out. Peace in the Mideast and Southeast Asia has been established. International peaceful co-existence is in sight.

SPECIAL PROSECUTOR COX?

Special Prosecutor Cox was given the post of Solicitor General in the Justice Department by then President John F. Kennedy. This same Cox, after serving as Special Prosecutor, told secret Grand Jury information to Ted Kennedy. Cox also appointed to the Special Prosecutor's staff Henry S. Ruth, James Vorenberg, Philip B. Heymann, James Neal, Thomas A. McBride and William H. Merrill. All of these are Kennedy men having worked for or with one of the Kennedys in the past. Is this an Independent Prosecutor?

IMPEACHMENT?

George Meany does not determine impeachment. The news media does not determine impeachment. The House determines impeachment. Any FACTS relative to impeachment should be sent to the proper authorities for proper action. The Senate acts as jury in impeachment cases. Senators who are expressing or have expressed opinions as to the guilt or innocence of President Nixon are the same as "jurors who express opinions of guilt or innocence before a jury trial . . . not qualified to act as jurors.

THE MEDIA?

In 1972 the People of the United States looked at Nixon's record as President and reelected him. Now the People demand that he be given a chance to do as well for them in this term as he did in the last term. The TV newscaster is purely a headliner and not an in depth reporter. Twisted and distorted headlines are immoral. Freedom of the press and investigative reporting are necessary. They must help justice—not impair justice. The news media must not be allowed to replace our judicial system.
