

Dean told G L 3/21 whole story, including of
Mitchell's involvement in criminal activity
Mitchell saw G L next day and, according
to Mitchell, said nothing of this, asked
Mitchell nothing about it - didn't even
mention (Mitchell said they discussed only
once - 6/72)

Of course, Mitchell also said that the only thing that
might have persuaded him not to "come up" was "high
prison" - he substituted the words - so maybe he could
be believed.

But either way, this means Nixon knew he did
know. Either Mitchell lied - which is that of
prison - and Nixon did catch him. Or, Nixon knew
& didn't have to.
