

"What are the symbolic meanings of the attacks upon Hiram?"

Hiram is first accosted at the south gate of the Temple where the instrument of the attack is the rule. In Greek, the word for a 'rule' whether a measuring instrument or a code of conduct, is canon. Thus we see the bureaucracy of the early Church establishing the Canon Law to regulate conduct.

This law was to be obeyed with unquestioned loyalty, hence it is an apt symbol of the suppression of freedom of speech which might question the divinity and justice of these laws; therefore Hiram, with the rule, is struck where the organs of speech are.

The instrument of attack at the west gate of the Temple was the square ... it represents the merger of civil and religious power intending to control man's emotions, telling him not only what he can do but also what he can believe.

Thus Hiram is struck near the heart, the traditional seat of the affections.

The setting maul, an instrument of brute force, is a fitting symbol of the blind, unreasoning mob. It fears the force of the intellect and seeks the destruction of the products of the mind.

Hiram is killed at the east gate by a blow to the head, the seat of the intellect.

So Mr. Hutchens is telling his reader that the 'ruffians' that killed Hiram Abif were not individuals seeking the secrets of Masonry from Hiram, the Master Mason, but were concealed symbols of "the Church," the "church and the state," and the forces fearing the power of man's "reason."

This is an amazing revelation! It is rare that the Masons share the exact interpretation of their secrets as they have done in this instance. Remember that the contents of Mr. Hutchens' book have been approved by the Supreme Council of the 33rd degree of the Scottish Rite of Freemasonry. This explanation has official sanction! They want us to know that

HOW THE FREEMASONS KILLED JOHN F. KENNEDY

1st shot was from the front. It struck J.F.K. in the throat hitting his vocal cords and rendering him unable to speak.

2nd shot was from the rear and was not a bullet but a paralyzing dart. It hit J.F.K. in the right center of the back bone area rendering him unable to move.

3rd shot was from the left rear hitting J.F.K. in the back of the head and exiting out the right front side.

4th shot was from the right front hitting J.F.K. in the right side of the head exiting out the rear middle of the back of the head.

5th shot was a small bomb flung at J.F.K.'s head above the right ear. This bomb was spring operated from the right door frame of the 1961 car. This exploding bomb can be seen in frames 312 and 313 of the zapruder film. A white flash of light and a piece of metal bursting in the air appears in frame 313.

The Capitol building is centered in the head of the goat of Baphomet or Mendes. We also see the Masonic compass formed by Pennsylvania Avenue to the Capitol and the street running out to Independence Avenue. The Masonic square is formed by Louisiana Avenue and Canal Street. Also note the obvious horns and beard of the satanic goat.

Here is a powerful note from Last Trumpet Newsletter, April 1988 (P.O. box 806, Beaver Dam, WI 53916, available on a donation basis):

"The USA is in deep trouble! . . . We know that the Masterminds of the Great Conspiracy that are governing this country by their ownership of the President and Congress have a religion. They embrace the Luciferian faith and have marked our country with its symbols. In Washington we have the Obelisk (phallus of Baal) called the Washington Monument. Here let it be noted that George Washington would have been the first to condemn such a filthy abomination as that monument, which is so sacred to the Luciferians and Free Masons. In fact it was because George Washington forsook Freemasonry and began to expose it that Masonic doctors bled him four times in one day until he died. This happened in December, 1799, at his home at Mt. Vernon, where he had become ill the day before. It should also be noted that in addition to his assassination

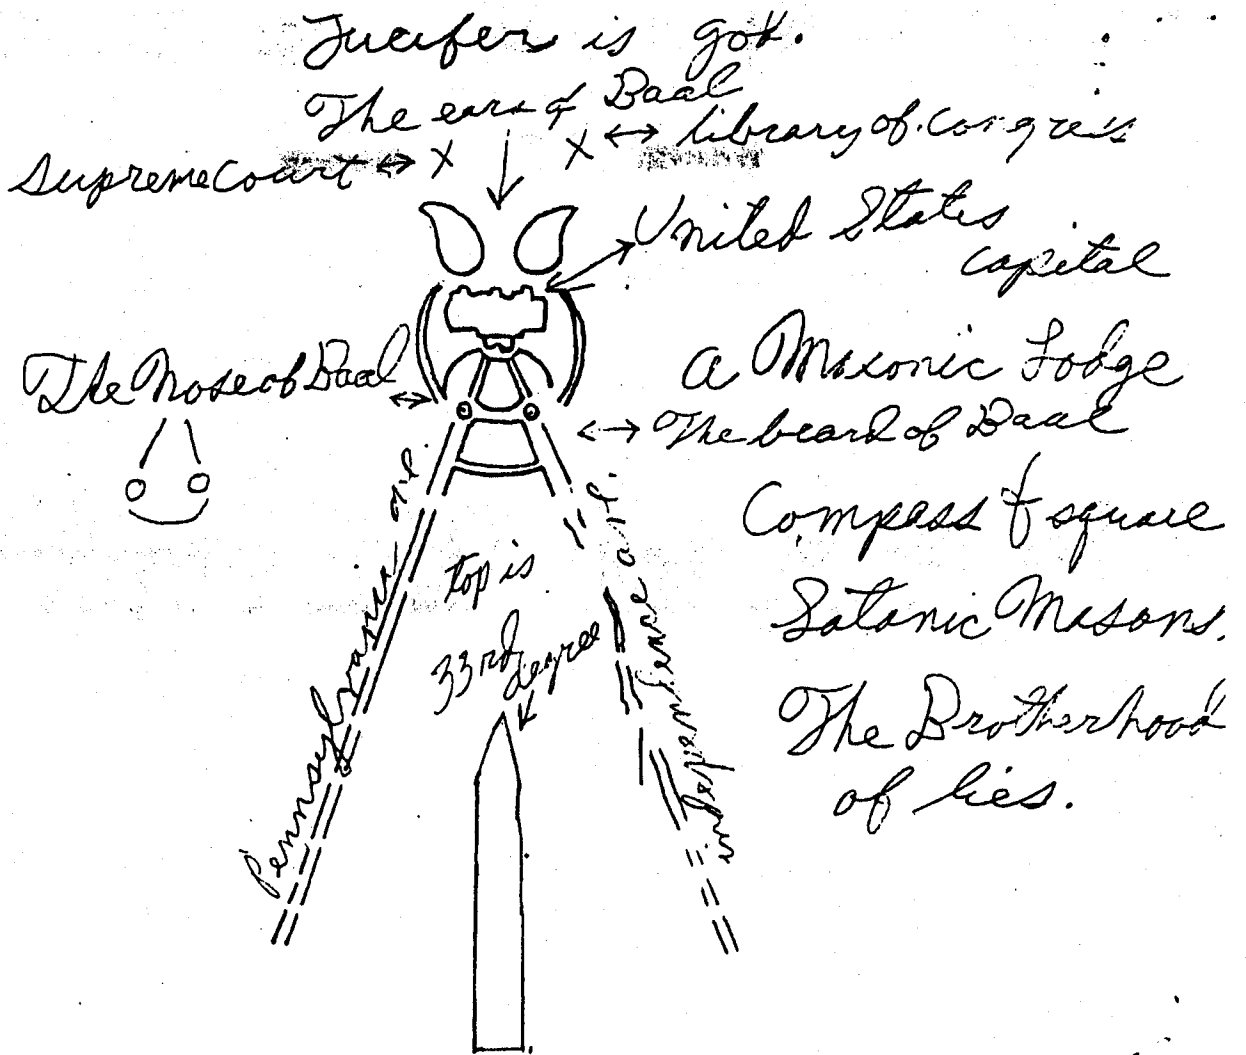

taking place in the last month of the last year of the 18th century, that his monument, erected by the Masonic Lodge, is 555 feet high. This is significant because five is the number of death in the Luciferian religion, and five tripled indicates assassination.

"In addition to the Washington Monument, the city also contains the massive and elaborate 33rd-degree Masonic Temple of the Scottish Rite, complete with its pyramids of Egypt on the roof and its 33 pillars (phalluses), each 33 feet high. Inside the temple room of this heathen building, the walls are covered with drawings of serpents and every unclean thing, and the altar in this room is black stone block which is sacred to the satanic religions.

"I must also mention here that the very street plan of the city of Washington, D.C. is laid out in the form of a temple of Satan. By examining

a map of the city you can clearly see the head of the goat of Baphomet or Mendes, the compass and square of Freemasonry, and other Luciferian symbology. All these things clearly tell us who is running this country and what their religious beliefs really are. When we consider all of this, is it any wonder why this country is so demon-infested?

We at NPL are dedicated to getting out such truth, and especially the message of deliverance from the powers of darkness in the mighty Name of our Lord Jesus Christ. That is why we are offering two each of NPL's 20 titles at cost. Folks, we can do no more to help you learn these principles in time. (See ad elsewhere in this paper.) Those who refuse to stand against Satan as this age darkens will fall. May you and we stand, and put on the whole armor of God, to His glory. (Ephesians 6:10-18).

# The Great Seal of The United States

with its pyramids, eagles, Latin phrases, etc., has been reproduced on the reverse side of every American dollar bill, but few in America know what these symbols mean.

The key to understanding the meaning behind all of these symbols is found in the translation of the Latin phrase "NOVUS (R)EVO SECLORUM," ("The New World Order") found underneath the pyramid on what is known as the Reverse Side of the Great Seal.

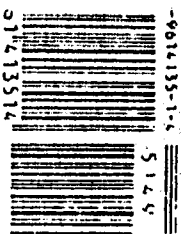

Ralph Epperson has spent years researching the history of the two sides of the Great Seal, and has discovered that those who designed them committed America to what has been called "A Secret Destiny." This future "destiny" is so unpleasant that those who wanted the change it entails had to conceal that truth in symbols.

This book **THE NEW WORLD ORDER**, is the amply documented explanation of what those symbols mean. Mr. Epperson is making his research available to the American people so that they may know just what their future is.

and so that they can take corrective action.

Reverse of the seal of the United States of America. According to Manly P. Hall, an expert on Masonic lore, it only were many of the founders of the U.S. government Masons, but they received aid from a secret and august body existing in Europe, which helped them to establish the United States for a peculiar and particular purpose known only to the initiated few." The Great Seal, says Hall, was the signature of an exalted body, and the finished pyramid, on its reverse side "is a trellisboard thing; forth symbolically the ark to the accomplishment of which the U.S. Government is dedicated from the day of inception." The eagle was apparently intended to represent a phoenix, or symbol of immortality of the human soul. Great currency has been given to the pyramid and alien symbols by placing them upon a one dollar bill.
