"Are you a minister or a religious teacher of any kind? Then in the degree that you free yourself from the man-made theological dogmas that have held and that are holding and limiting so many, and in the degree that you open yourself to the Divine Breath will you be one who will speak with authority. In the degree that you do this you will study the prophets less and be in the way of becoming a prophet yourself." R. W. Trine

God's Chosen Children, Their lives and the Christian Life are given in the Bible. God has now and had during Noah's time other children and animals. Additional listings of God's Chosen Children are in the Dead Sea Scrolls. (Some of the truths of God listed in the Scrolls will not be readily accepted as is the fact that seven of the ten tribes of Israel were not Jews and some settled in England.) Some of God's other children were and are among others, the red men scattered across the earth, speaking many languages and dating back at least 50,000 years.

*"Since natural law is not an absolute truth there are exceptions" 1. "Coincidence of psychic content." 2. "Dream or vision which turns out to be true." 3. "or event that takes place in the future." "Giver" of all "Given" things dwells within us." C.G. Jung "Worldly people lose the roots and cling to the tree tops." Ku Te "Science is not, indeed, a perfect instrument, but it is a superior and indispensable one that works harm only when taken as an end in itself." C.G. Jung

The records (Akashic - of each individual) are upon the skein of time and space. (1549-L) Man alone is given that birthright of free will. He alone may defy his God.

So soon as man contemplates his free will he thinks of it as a means of doing the opposite of God's will, though he finds that only by doing God's will does he find happiness. Yet the notion of serving God sits ill with him, for he sees it as a sacrifice of his will. Only in disillusion and suffering, in time, space, and patience, does he come to the wisdom that his real will is the will of God, and in its practice is happiness and heaven. (2537-L-1) by E. Cayce

The "saluting" WASP sect (Hand to face) has a small group of furtive shikars. They seduce man to induce mistrust and bring about lactucarium control of man. (Huxley's new world; auto accidents, strokes, & heart attacks.) This movement to day is in the name of God & patriots fighting Communism.

Suggested subjects for writing your congressman:
The Poisoning of the West - Readers Digest 8/71
All poisons should be taxed and shipments across state lines recorded and logged. (Chemicals and drugs not sold in a grocery store.) All persons purchasing poisons would sign for the poisons.
Our Children are undernourished and given school lunches therefore we should tax all pets (horses, dogs, cats, etc.) at \$25 a year and/or tax the food imported, (sea food, animal products, vegetable, and fruit that are not considered food for human consumption.) Import duties would be at 100% or more.

This would relieve the tax burden on the real estate and leave food for our children. It would reduce the killing of endangered species. (Real estate tax for 0 mobile homes in Ohio is \$484.00)

WATERGATE--PATROIT!! Their philosophy as given by an attorney teaching night school at Wittenberg; "The ideal for Democratic Capitalism is Fascist Democracy." Any one disagreeing is a Communist sympathizer and must be made impotent. Agnew said "Why all the hullabaloo about Watergate it has been going on for a long time." Exact words of local W. M. A. JOB HUNTING - KNOW HOW

1. Answer questions truthfully; do not elaborate in answering especially if the company has your resume. (One tends to make irrelevant comments taking up too much time.)
2. Today it is important to show ones social understanding and this does not refer to technical societies but participation in community action groups and church. Do not criticize any organization to which you have belonged, employer or individual you know or think you know.
3. The library has a number of Arco books containing civil service tests you may study for taking such a test. Local civil service openings are usually listed in the paper. Call your local government office and ask where the listing is made in your paper.
 - A. Check state personnel office's for taking state civil service tests to obtain state jobs. Tests are usually given daily at state capital.
4. Resume - Use a cover letter addressed to the personnel manager or unite director discribing your ability and experience in performing the primary job for which you wish to apply. Use about fifty words to discribe your most relevant job.
5. Thomas Registrar in the local library lists all the manufactures of the U.S.A. and their address. It is ideal for use when mailing resumes. Locally use phone directory. If you must call ask if they are taking applications only; do not ask if they have a job opening.
6. For each position you have held list those persons on the job that can most readily discribe your contribution to the company.
7. Sit straight in your chair during an interview. Do not slouch or lay arms on desk top of interviewer.
8. Dress as the people should at the plant where you apply for work; look at interviewer:
 - A. Usually you will find the personnel director to be of the older generation and conservatively dressed.
 - B. Grooming must also be conservative and neat. If the operation handles food the hair must be short or rolled up.
 - C. Do not use slang, no long hair and wear good shoes.
9. Your metropolitan state employment offices have listings from all fifty states discribing openings that are available with private industry in each state.
10. All schooling contributes to your ability and education. Some employers will not hire school trained persons, check with employers before taking any given type schooling and make sure that any schooling you take is relevant. (Also check public school officials and agencies; unfortunately they are not the last word.)
11. If you hope to rise in a position, know as much about the company as possible. You may read "Climbing the Executive Ladder" by Kienle & Dare (pub.) McGraw & Hill. It is old hat but leads one to investigate the modern interpretation of such subject matter.
12. Don't chew gum, smoke, argue with or interrupt interviewer. Have military discharge with you and print when possible. Do not mention hobbies or interests unless asked.
13. The exception is if the interviewer holds his hand to his face; you then do the same. If he places his hands behind his head do not respond. Latter you may place your hand to your face.

If he gives you a stare you may wink but surgest you study illustrations in publications. (Originally just a WASP hand salute and used by a minor religious order the KKK.) Now some are introducing Huxley's new world.

Discrimination

Some "ism" quotes illustrates how to be properly brain-washed---
Charles Colson counsel to Nixon " I would walk over my grandmother if necessary"
Ben Bidwell Div. Gen. Mgr. Ford Motor Co. "I will cheat my kids at cards if that is what it takes to win" " Somebody once said, " winning is not the most important thing--- it's the only thing" " I Agree
