

Dear Sir:

Aug 4, 1970.

You may recall I wrote a letter to you, in June, concerning The Kennedy Assassination.

I believe, now, that "Reactionary elements" in The Dallas - New Orleans or New Orleans - Dallas Suburbs were The Organizing forces behind it! Also, I believe foreign elements are involved. A Queen no less!

Louisiana and Texas seem to have a very conservative & influential "Pro - Imperial Great Britain," or "Pro - Anglo - Saxon Racism - Racial Kipling Type," elements.

It is well known that Her Majesty, Elizabeth II of England ^{Britannic} did not favor Senator John F. Kennedy becoming President. She did not want to have to rub shoulders with any Irishman, at Banquets or State dinners,

No matter how Successful or
wealthy - "So distasteful you
know", Elizabeth's view of it, I'd say.
This is why I believe Clay
Shaw, who is now the 'Darling'
of the Dallas - New Orleans Anglo-
Saxon "Establishment" heroically
putting to flight that horrid Mr.
Harrison, was involved, in
some decisive way, with Nov 22, 63.

Mr. Shaw takes frequent trips
to London - Does he have a
"Back entrance" to the Queen's boarder?
The Duke + Duchess of Windsor are
around Houston, ^{Texas} NA lot - maybe
they know lots of things I wish
I attors don't know about Nov 22, 63.

An Anglo-Saxon "Conspiracy" against
a Catholic "Upstart"? Yes, I believe so.
Protestants have, traditionally, used
drastic methods to fight off Catholic
Bids for power, in America & other countries.

In the South, here, today, I wish
& other Catholics have little chance
for social or economic advance.
& Pres Kennedy met his fate
in Protestant Dallas - not in
Catholic centers like Boston, Chicago or N.Y.C.
(or New Orleans, Ga.)

Getting back to ³ Elizabeth II, for a moment, her sending Prince Philip to The President's funeral was a poor attempt to ~~hide~~ ^{hide} a stultified insult, why didn't she come ~~herself~~

Theodore Roosevelt went to her ^{herself} father Edward's funeral in 1910, but with Transatlantic jet flights, The Lady was prominently absent! Prince Philip is a poor second to her, especially, at State Funerals. At Churchill's funeral, in Jan, '65 she shined most magnificently!

Now these people of the Dallas-New Orleans (Suburbs!) (Clay Shaw does live in ^{NO. 10} ~~the city~~ ^{Southern} ~~suburb~~)

They pay people to carry out the actual executions.

I believe Sirhan Sirhan was bribed apart to shoot Sen Robert F. Kennedy ~~to~~ by the same people who had his brother killed.

You can always get roughnecks, soldiers or fortune adventurers to do this type of thing. I don't believe the Mafia, or CIA, or groups had much to do with it!

Sincerely yours, Richard J. Bruce
