11/22/69

Dear Mike,

CD809:49, Frederick O'Sullivan, refers to an FBI interview with him in November. This report is dated 4/3/64. It also indicates it was filed under Pre-Russian 8. I would like a copy of the November report, please. If it is not in the name file or the Pre-R 8, it may be under Civil Air Patrol or files having to do with Oswald's life in New Orleans or his schooling, etc.

If I did not make clear that I wanted the typescript of his testimony xeroxed from the set sent to the GPO, I am sorry. I did and always do want that copy because it bears any corrections made in the testimony. If you would not mind thumbing through that set (it is only 14 pages), I'd like copies of only those pages on which corrections are made.

Thank you very much.

Sincerely,

Harold Weisberg
