Chairman of the Senate's Investigation Committee  
The Old Senate Office Building, Room 245

U. S. A.

STRICTLY CONFIDENTIAL!

MY DEAR SENATOR!

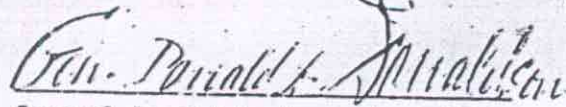

I have been following the Progress of Your Committee's Investigations of the CIA Activities at home and abroad  
... I decided to come forward, and volunteer my Appearance before Your Respectful Committee, assuring you that I have the ANSWERS to some very important QUESTIONS, some of the ANSWERS Your Committee is now looking for...

One of the ANSWERS is that I know who gave the ORDER for President Kennedy's Assassination; The President knew who gave IT, and told me about it as soon as he had received the WARNING... asking me to look for PROSPECTIVE ASSASSINS among the GROUPS of PEOPLE Your Committee is investigating now.... Therefore, THERE WAS A WELL ORGANIZED CONSPIRACY TO ASSASSINATE THE PRESIDENT, and he was EXTREMELY PUZZLED about the man who gave THE ORDER!

In conclusion, IF you decide to call me to appear before Your Investigation Committee, then - PLEASE - let my Attorney in New York City know about it at least two weeks in advance; he knows where to locate me, and is prepared to accompany me during MY APPEARANCE before the Committee.

Looking forward to hearing from you (through my Attorney), I remain

MOST RESPECTFULLY YOURS,

General Donald A. Donaldson, Alias  
General Dico Dimitrov

P. S. -

The latest TESTIMONIES that President Kennedy wanted Castro assassinated are NOT TRUE, at all! The President wanted Castro overthrown only, NOT assassinated; the President was expecting Castro to escape to Russia when overthrown. The PLAN the President was considering to overthrow Castro WAS mine; and that is why I know what exactly the President had in mind! But when he was told of the "ASSASSINATION ORDER"... he changed his mind
