PRESS RELEASE

Former chief liaison officer between the Pentagon and the CIA;
Currently GALLERY's National Affairs Editor

Colonel L. Fletcher Prouty, Retired:

"Today the crime of the vast cover-up of the JFK murder is a far more terrible crime than was the murder itself. No one has ever proved that Lee Harvey Oswald killed JFK. Until that has been done, and until the real murderers have been found, the killers walk the streets, and the men who hired those killers remain in power."
