

MEMORANDUM FOR THE RECORD

20 February 1964

SUBJECT: OSWALD, Lee Harvey

1. On 19 February [redacted] called me regarding information that the Office of Security had furnished the Secret Service on 23 November 1963.

2. I advised [redacted] that I had taken our security file down to the Secret Service on 22 November at the order of the Director of Security. On 23 November three cables were received and these cables are numbered 66846, 66891, and 66896 from Mexico [redacted]. Sterilized copies of these cables were made and at the request of the Director of Security I took these copies to the Secret Service.

3. [redacted] advised that the Commission investigating the assassination of President Kennedy has requested the documents that the Agency furnished the White House and the Secret Service.

4. The Agency - through [redacted] - did furnish the White House i.e., McGeorge Bundy, cables and the Commission referred to these cables and to the three other communications furnished the Secret Service by the undersigned.

5. [redacted] then began to complain about the Office of Security furnishing the Secret Service DD/P information. I advised [redacted] that if he has any complaints about this, then he should contact the Director or Deputy Director of Security. [redacted] did not wish to do so. He said that the [redacted] has the job of determining which pieces of information should be made available to the Commission.
