FACULTY OF ARCHIVES
UNIVERSITY OF TORONTO LIBRARY

Dear Dick:

Have sent you some additional empty cases (WCC) and another clip.
The mails will take these.

Will be at the Conrad Hilton Hotel in Chicago April 20-25 and will
take ~~me~~ some ammunition there with me. If you know anybody in
Chicago that I can give it to who will carry it across the border
will be glad to give it to them.

Had a letter from Harold today. Also, the Archivist called and told
me he was doing the pictures requested exactly as I want them

My agreement with Look was reached before I learned of your ideas
on these cartridge cases. The article in that magazine will be by
myself on my own ~~findings~~ findings but I would mention yours only if
you had them published elsewhere first or at least "in print". Will
try your suggestions soon as possible. My main worry is routine
work and preparing a rebuttal brief in my lawsuit. Harold, ~~is~~ is, I
believe, making study of the government's argument which will
undoubtedly be a big help to my lawyers. Harold mentioned that he
purchased some 6.5 mm Mannlicher-Carcano ammunition. If it is
WCC he has a great treasure. I am sending him prints (black-white)
to the cartridge cased before and after shooting.

Sincerely,

CC: Harold Weisberg

John Nichols
