CD170:80-1. Regis Kennedy is quite a boy, when he wants to be. If he was really interested in knowing if LHO had worked on a minor paper, and he sure lists those minor enough, how come he forgot Couder's "Latin American Reporter", or Jack Martin's paper? Or, in listing Kent Courtney as never having employed LHO, how could he manage to forget that LHO or Kerry Thornley, I forgot which, had been sent to him by the A-1 employment service, to apply for a job? Is there any reason to believe LHO ever said he had been employed by a paper?
