

NEW ADDRESS: ROUTE 7, Frederick, Md. 21701

12/26/67

Dear Mr. Poener,

Thank you for your nice letter of 12/20.

I cannot understand why John Sterling never had me back or why Gene Burns has not interviewed me, at least by phone, which many other stations do, regularly, particularly because I am, to them, "local".

Obviously, it is impossible, with the already heavy burden of the work in which I am still engaged, to write or phone each program on each station. I can only regret their unwillingness to do what can easily be done and what should be obvious.

As you can see from the enclosed, I have done much more than the first book, which you have. The second is also available in a Dell reprint, some places. If the fourth is available on news stands, it costs only 95¢ there. We have to add the various costs.

Should you ever be in touch with any of these programs, I would welcome the opportunity to appear by phone, which is simple and effective, and I think I can present fresh and exciting material.

Again, thanks for your kindnesses.

Sincerely,

Harold Weisberg

Dear Mr. Weisberg:

After having heard your evidence concerning the Kennedy assassination, I believe that you may well have proof that it was the result of conspiracy. If the photograph shown on a recent JOE PYNE show is indeed one of Lee Harvey Oswald standing in the doorway of that building, as it appears to be, there can be no alternative but to conclude that Oswald did not fire the fatal shot, or any shot. But to me, equally as startling as the photograph itself is the fact that the Warren Commission never saw it; they only viewed a copy.

There has been a good deal of discussion on the GENE BURNS radio program (WCBM) recently concerning the Warren Report and its inadequacies. Mr. Burns keeps an open mind on the subject, but states that until another theory is advanced that is equally acceptable as the Warren Report, he shall continue to accept Oswald's guilt. I feel that if you were to appear as a guest on his program, and come armed with your photos and documents, he and thousands of other citizens just might change their minds, even though you refrain from speculation as to who might have fired the shots.

I have read WHITEWASH I, and have heard you on the JOHN STERLING and JERRY WILLIAMS radio programs as well as the JOE PYNE television show. I believe that the evidence you have presented is more convincing than that of the Commission, even though most of your own evidence is found in the 26 volumes of Commission evidence. I hope that open hearings will result from your endeavors, and that the truth will someday be common knowledge to all. Thank you very much.

Sincerely,

Gary Posner
