Dear David,

Thanks very much for the JFK assassination issue of that strange manifestation of "youth culture", FILTH.

If you ever hear of anyone interested in Pelley, what I got back from the FBI, to which I gave all I had, I gave to Dave Wrone, Univ. Wisc, Stevens Point, WI 54481.

If I did not tell you, I gave you catalogue to local Hood ~~State~~ College.

Did you get a notice from the publisher of the appearance of Selections from Whitewash? I've not heard of it being announced. Out last month.

Carroll & Graf/Richard Gallen.

Thanks and best wishes,

Dear Harold,

Thanks for the Dudley
Pelley info. Someone should
really research that guy..

Enclosed is an example
of what is happening in the
"youth culture" — a tabloid
put out by punk rock in-
tellectuals.

Best,
David

PS: Thanks for praise on
my last list. Neither

do I quite know why I
featured greta garbo on
a mind control summary
— probably just an in-
stinctive ploy to give it
sex appeal ...
