

Union League "Harris" - 11/6/71

In an effort to make contact with union people in Washington they try to call "Bill Harris" a 1 cent. call its lawyer is now Mr., Tony Bellini, attorney for us, 10/4/71, before we returned to DC.

Sabella remembers a man of Harris' general description but not of that name who had been sent in from North or South Carolina and then disappeared. White says he'd recall if he saw.

He is to talk to union people.

T.O.Jones seems to be the one to see. Several mentioned his name. I sent messages by two blacks, one a motel maid. Never had response.

Jesse Epps had been in the union then, is no. out and on his own and not doing well. Bad vibes from Chastain.

Sabella believes this man used a name other than Harris, saying he thinks he'd remember the name if he heard it.
