Dear Oliver,

Thanks for the ~~Love-Democrat~~ clipping of the Post's story on what the HSCA was up to with John Ray. I thought the Post would put it on their wire but wasn't sure.

As I told Lardner when I gave him the records, Blakay deserved an appropriate Xmas present. I hope the story got used in Syracuse! His students and peers might appreciate it.

Nothing new here. Most of time spent on getting or trying to get records and going over those I've gotten.

No word on Susan's.

Heard from Carol that they've moved John to the Springfield Medical Center. They probably think he's nuts because he thinks there is a conspiracy against him, which there is.

Jerry called last night. He told me that you offered to testify for him if he sues the FBI. He thinks Mark will do it for him. I don't. I also don't know what they he can sue them for.

The P-D may do something over the Post story on John. If they do I'd appreciate it if you send me clips.

Hope you have a good year ahead

Harold -

Happy Holidays to you and
wife —

Here an article I saw in
today's Globe.

Assure everyone that if needed
I will testify to anything
that I did for Blakey & Select.
I don't know if any court
action will result but I
do hope the Rays pursue it
one way or another!
