

*Enclosures used in FOIA appeals*

9/15/78

Dear Barry Plesce,

Thanks very much for your 9/12 and the enclosures.

I'll find them useful in my own FOIA efforts.

My opinion of the committee is unchanged. They are not and never have been for real.

I heard the end of the last of the PBS telecasts. They did announce that they would not be carrying the remaining hearings. They gave no reason. My wife thinks it may be because they were not funded for them and decided against taking the money from their normal sources. By the end the audience appeal may have diminished.

The hearings are being carried in full by National Public Radio. Each station decides for itself whether to carry the net feed. Yesterday I had calls from Calif. showing that the hearings were broadcast there and from a place in Indiana where the local station did not carry them and my friend could not receive them from any other station.

Again many thanks.

Sincerely,

Dear Mr. Weisberg:

Enclosed please find all the correspondence that I have relating to the James Powell Photograph. They sent me my copy on, or I should say I received my copy on 9-12-78.

They gave me the uncropped uncut photograph, in color. The only difference between this copy (FBI) and my other copy is that the building can be seen counting five sets of windows towards Houston St. What I mean is that the TSEB building on Houston St. can be seen for five sets of windows. Also the photograph is much clearer than my black and white copy. The photograph also shows the face of the TSEB building from the 2nd floor up and till the seventh and completely over the the west side of the building. The top window of the second floor is shown slightly, east side. Six sets of windows and the beginning of the seventh set can be seen, from east to west on the 3rd floor. Then from the fourth to the seventh floor windows are all visible.

I hope this information is helpful to you, also enclosed is some letters concerning the Hugh Betzner photos.

How would you sum up the hearings on the Assassination of Kennedy, considering after reading Post Mortem, I was absolutely convinced, there was a conspiracy to conceal the facts? Half of the things I read in Post Mortem were not even discussed in the Hearings, do you know why? Also our local PBS station was broadcasting the hearings up and till Mon. now I have to rely on the newspapers, do you know of any way that I could get any information on the hearings?

Well best wishes to you and yours.....
