

Publisher's Preface

No one knows more about the assassination of President Kennedy than Harold Weisberg, so said the FBI in open court.

Harold Weisberg -- a former OSS and Senate Investigator -- wrote and published *Whitewash* in 1965, the first book criticizing the conclusions of the Warren Commission. Since then, he has written and published many books on President Kennedy's assassination. He has also written on the assassination of Martin Luther King.

Case Open is a book Mr. Weisberg felt compelled to write. He felt a need and determination to set the record straight.

It is written with a blinding fury and brilliant analytical skills. Despite being eighty years old and infirm, Mr. Weisberg has written with the vigor of youth.

In proving that Gerald Posner, in *Case Closed*, has proven nothing, Mr. Weisberg has proven that President Kennedy was killed by a conspiracy.

In analyzing *Case Closed*, he demonstrates that Gerald Posner has

- Distorted evidence
- Suppressed evidence
- Omitted evidence
- Developed no new evidence
- Omitted sources
- Misappropriated the research of others
- Mised the reader into believing that he had sponsored new scientific computer enhancements.

At best, Gerald Posner has provided a case for the prosecution. Now it is time to present the case for *Case Open*.

Let the American public decide who has presented the stronger case: Gerald Posner or Harold Weisberg.
