Dear Sol,

My experience with Bob is such that I wonder about the intent of his offer which, as I well understand, could be important to me. I'll tell you sometime. He hasn't changed at all.

But my real purpose in writing is to let you know I have several small cousins who are or have been teachers in Philadelphia. Actually, at least four. Do you think Nancy would want to seek advice or counsel from any of them?

Thanks for your good wishes. Saturday I had another expression of serious interest from another publisher, who asked for an extra copy to speed their consideration. In this case apparently the president of the corporation has approved. I presume the second copy is for their lawyer. The editor, who is also vice president, is reading it, too. He has promised me an answer as soon after Xmas as possible.

Nothing else new. Best and good luck to all of you.

Sincerely,
