Dear Sol,

Recently I was in New Orleans and learned some new things.

Coinciding with the opening there of the movie "Exodus" George Lincoln Rockwell staged a domenstration that led to his arrest. Some of these who then helped him era now of great interest to me. I would appreciate it if you could let me know whether your people have a file on this and what I may have of it, in confidence, if they do.

One of those who helped him is said to have been Arnesto Rodriguez, Jr., who operates The Modern Languages Institute. Another is described as an English Nazi, Mike Slatter. Slatter, In one version was deported. In snother, he went to Spain and was denied readmission.

There is a connection with the late Guy Benister, one of the most violent recists in the country ( some or whose files may still exist, if you know enyone who might want to try and see them# 1 might be able to help arrange it).

Ment Courtney is of more interest, as are these associated with him. Have you saything on his connection, especially with 'agents' or "informents", particularly in France? Or, of these who worked for him, one Phil Beatright, a poet His function was promotion.

Things are as they have been with us. Spring is swelling and about to burst. The gress shows color and soon things will be beautiful. Best to everyone, and thanks.

Sincerely,
