FBI-King Section 71, Serials 5232-5300 72 documents, 234 pp. released

5233 all names masked originally, all public, all subpoenaed, with addresses on subpoenaes and not all written back in. In addition,all have been released in earlier sections.

5235 is another copy of a Ray letter to his lawyer. I believe this also was withheld from us on discovery. One of the added importances relates to what was in Ray's mind and the allegations that Hanes had to have the money, and Foreman did, to keep Mrs. King from suing for it. Jimmy asked Hanes for a power of attorney he could give Jerry.

Unrecorded after 5237 withheld under claim of b1 without specifying which part. The first part not withhled deals with electronic surveillance. Hoover refers to requests in the plural. Tge claimed need extends to "civil rights groups." He asks for decisions on the specific requests already made. He withdraws the request on Ray because he has been arrested. Tje end has notes of review, "by 3002 3/17/77 JL (Lenehan?) and "7306 TJS/illeg. 3/21/77" and after that "2-3." A NOTE refers to C.D.Brennan memo to W.C.Sullivan 6/10/68 prepared by MJR:sss,"classified "Top Secret' since unauthorized disclosure could result in exceptionally grave damage to U.S. intelligence interests." Challenge. This was right after Ray's capture and after surveillances had begun in England.

5238 gives name of plastic surgeon as Dr. Bradley after personal interviews.

5240 is a statement from a con that Ray asked him to join in a deal to kill King for some people in Phila. Before Ray escaped Mo Pen. When con said no, Ray said he was in and could not get out of it. That he would get $50,000 and that there would be a "fixer lawyer" if they got caught (none of which happened.) He quotes note in non-Ray language and nonsense as a non-plan of Ray's escape. Nonsense on crime, too.

5241 forwards two more Ray letters, 10/10/68. One to Stoner, other to Magistrate Milton. Both on legal matters only.

5242 includes three more JER letters, one to Hanes, one to Jerry, one from Jerry.

5246 Chicago 10/2/68 report on Ray's Winnetka employment 5/3-6/27/67.

5267 Ray letter copy interception 10/18/68, to and from Jerry.

5270,1 withheld totally, 7D. each 1 p.

5300 has the Director telling Chicago to assure the Alingemanns that the FBI is not using tape-recorded voices of the Ray family and friends when the news story cites Mr. Alingemann as its source. The basis for this, apparently, is the meaningless non-denial of Memphis, that it had no such knolwedge. Memphis asked Chicago's comments and Hq told Chicago how to comment. Fact is irrelevant.
